SAFETY BUILT INTO EVERY STOVE WE SELL

1. Automatic shut off valve shuts off gas if pilot light goes out.
2. Safety pilot system also known as oxygen detection safety pilot (ODS) is built into every propane stove.
3. Vent Free Gas Stoves burn 99.9% of the gas they use. Making them cost and fuel efficient.

Zone Heat can save you tons of money by providing heat where you need it when you need it.
