## 2018 Fall Prices

Effective

Our preferred supplier of wood pellets over the last 17 years is **Lignetics**. We purchase them from their plants in Virginia and West Virginia. We have found their product quality to be good and consistently good throughout the winter months as well as during the summer and fall pre-season production. So we are again offering Lignetics this season as our proven high quality wood pellet.

Quickly becoming our best supplier with the best value is **American Wood Fibers**. We have a premium softwood pellet from American Wood Fibers. Anyone who uses white pine pellets almost never goes back to hardwood pellets because the white pine pellet has almost no ash and higher heat. **SATISFACTION GUARANTEED!**

We work hard to keep our costs as low as possible. Our price already includes substantially increased freight costs due to the high trucking expenses this summer.

**DELIVERY AVAILABLE FOR YOUR CONVENIENCE** - As usual, we do offer delivery for a flat fee. Fee is based on your location and is not affected by the quantity you purchase (flat fee whether you purchase 1 ton or 8 tons.) Our commercial 20 foot box truck can deliver up to 8 tons at a time. Delivery is drop and go and you must have macadam or concrete to allow us to unload with a pallet jack. Our pallet jack can not go on stone or gravel. All deliveries are scheduled out of the Fleetwood location.
