Sale \$179.99

**-\$45** Instant Rebate

You Pay **\$134.99**

#7287279

(Limit 2 rebates)

## Why Do You Need All 4-Steps?

Everyone applies Step 1 & Step 2. But what about Step 3 & Step 4?

After Crabgrass Preventer (Step 1) & Weed Control With Fertilizer (Step 2), you're into summer months and your lawn is looking great. You don't think about continuing to treat your lawn with the next steps. But...

**STEP 3 & STEP 4 ARE NEEDED**

### Step 3 Lawn Fertilizer

Summer is tough on grass due to heat, drought, foot traffic, and insects.

Lawn Fertilizer gives your lawn a mid-season boost to help strengthen and protect it.

### Step 4 Winterizer Fertilizer

In the fall, cooler months, your lawn is looking for nutrients it needs to recover from summer and get ready for winter.

Feeding with the Winterizer Fertilizer will strengthen the roots and increase the needed nitrogen storage for a healthier, greener lawn next spring.

Ace Brand Now Made By Scott's®

*The Scotts Pro Lawn Fertilizer that we carry is absolutely the best that Scotts manufactures. This fertilizer has higher quality fertilizer and active ingredients than any Scotts fertilizer found at the mass merchants. No one offers a better product for greater value than your local Ace store.*

### Why Lime?

Lime neutralizes soil acidity. Most soils contain appreciable amounts of acidic components that can be toxic to plants, so lime is the "anti-acid" for soils. Lime raises soil pH, providing a more favorable environment for microorganisms. Plants will utilize applied fertilizers more efficiently on soils that are properly limed. **Increase fertilizer effectiveness with these products!**

- ☑ Apply Lime In Early Spring With Your First Application Of Fertilizer
- ☑ Water Immediately After Applying Lime

#### BEST VALUE

#PCL50

**\$19.99**/Ea

Covers 10000 Sq Ft  
That's **\$1.90**  
Per 1000 SF
