Big Green Egg is a kamado-style ceramic cooker designed to GRILL, SMOKE, ROAST, and BAKE.

It is the most versatile barbecue and outdoor cooking product on the market with far more capabilities than other conventional cookers.

- **Simple To Start** – Reaches cooking temperature and is ready to use in just minutes. Lighting the charcoal is quick and easy since the Big Green Egg's air flow design works just like a fireplace. You only need a natural charcoal starter or an electric starter – no lighter fluid necessary.
- **Precise Temperature Control** – Easily adjusted, patented air flow controls and insulating ceramics allow you to grill, smoke, roast, or bake at exact temperatures.
- **Easy Clean Up** – Features a stainless steel cooking grid and green exterior with a lifetime porcelain glaze that wipes clean easily without chemical cleaners. Inside, residual heat burns away any grease build up – just like a self cleaning oven.
- **Patented Technology** – Patented Flow Draft Door controls the amount of air entering the fire box. The air-tight ceramic cooking chamber retains heat and keeps food moist. Patented Dual-Function metal top controls air flowing through the cooking chamber.

Is it a Grill, an Oven, or a Smoker?

Yes.

Extra Large Big Green Egg

- 24" Grate
- 452 sq. in. cooking area
- 31"H x 27"W x 33"D
