

**UPDATE** Here's our current inventory of wood pellets. We suggest you buy as soon as possible from this inventory as we're told by the industry that wood pellets are expected to be difficult to manufacture this season due to lumber shortages and COVID-19.

# WOOD PELLETS

We will again be offering Easy Heat wood pellets this season. These have shown to be a good, solid quality brand and customers have reported positive feedback using **Easy Heat**— it's a great value.

New this season is a premium hardwood pellet by **Hallmark**. These pellets are manufactured under strict quality control guidelines for a low ash, low moisture, high BTU pellet.

Our preferred supplier of wood pellets over the last 20 years is **Lignetics**. We purchase them from their plants in Virginia and West Virginia. We have found their product quality to be good and consistently good throughout the winter months as well as during the summer and fall pre-season production. So we are again offering Lignetics and Lignetics Gold as our proven high quality wood pellets.

A premium option is the ultra premium softwood pellets by **American Wood Fibers**— anyone who uses these pellets almost never goes back to hardwood pellets because the white pine pellet has almost no ash and higher heat.

We guarantee this pricing for product we already have in stock or on order with the vendor.

We will sell product that is here in stock and will take pre-orders for product that is on order with the vendor.

**DELIVERY AVAILABLE FOR YOUR CONVENIENCE** - As usual, we do offer delivery for a flat fee. Fee is based on your location and is not affected by the quantity you purchase (flat fee whether you purchase 1 ton or 8 tons.) Our commercial 20 foot box truck can deliver up to 8 tons at a time. Delivery is drop and go and you must have macadam or concrete to allow us to unload with a pallet jack. Our pallet jack can not go on stone or gravel. All deliveries are scheduled out of the Fleetwood location.
